

Attention Varsity Athletes and Physical Education Students:

Volunteer coaching and training opportunities with a newly formed pilot program of competitive no body-checking hockey for children.

The Toronto Non-Contact Hockey League will be running a Select level hockey league for children ages 11 and 12 years, beginning in October and running until March 2010. The TNCHL Directors are looking to recruit hockey loving athletes with a knowledge of the game, to coach, train and inspire children in an arena of competitive play, WITHOUT INTENTIONAL BODY CONTACT.

The TNCHL was formed to address the need for skilled players to have the option of playing this great game, without the increased risk of injury associated with contact play. If you are interested in being an integral part of a new movement towards competitive hockey which promotes fun, skills and fair play for children, please visit our website at www.tnchl.com and contact Neil Clifford at 416 885 6250.

This pilot program will be highly regarded by both the hockey and medical communities, to determine the greater viability of competitive non body-checking hockey for minor leagues in Toronto.

Thank you,

**Neil Clifford
Director, TNCHL**
